

Attention ECMS Red Hawks!

El Cerrito middle school takes great pride in notifying all students and parents of next year's Student SOAR Leadership Class coming to our campus. We are looking for students with outstanding character and a desire to help better our school campus. This class replaces a students' 5th period class. Students approved for this program will be provided with unique opportunities to hone their leadership skills while making a lasting impression on our campus.

Student goals within this class will consist of, but not limited to improvements in leadership skills, upholding SOAR standards on campus, passing out prizes during 5th period, and helping set up for pep rallies and leadership games during lunch. Students in this class will also assist in providing important insight regarding areas of weakness within our student body surrounding Safety, Ownership, Achievement, and Respect. Students volunteering for this course will be hand selected after submission of their student SOAR Leadership application and interview. Applications should be turned into the front office no later than **May 22th**.

Selected students will be required to maintain a 3.0 GPA or higher, avoid any behavior infractions, and keep a good attendance record. Whether your child is interested in gaining new opportunities to learn leadership skills or seeking to further their experiences on campus, this is the program for them! Please feel free to contact Mr. Ross with any questions or concerns you may have.

Sincerely,

El Cerrito Middle School
